- **Durable, high quality 2” Velcro runs the full length of the pad which allows for some adjustment**
- **Easy installation**
- **Available in- Red, Blue, Yellow and Green**
- **Processing time: 5-10 Business Days**

Choosing the right size is easy:

Measure the circumference/perimeter of your pole/post with a cloth measuring tape or by wrapping a string or ribbon around the pole. Place a mark on the string where it meets and transfer the string onto a ruler or measuring tape to find out the circumference/perimeter of the pole. Use the chart below to find the correct pole pad size for you. Don't see your size – Please call us @ 1-877-929-4442 or you can email us @ info@padsolution.com for a custom quote.

***Prices do not include Sales Tax where applicable.**
